SUBJECT: Youth Supportive Services Policy

**This Policy Bulletin Supersedes Any Previously Issued Policy Statements
Concerning Youth Supportive Services Policies and Procedures**

PURPOSE:

The Kern, Inyo and Mono Workforce Development Board (KIM WDB) has developed this policy to ensure that allowable and appropriate supportive services are provided to Youth participants in the KIM WDB service area. This policy is intended to ensure compliance with all federal and state regulations by providing guidance to Employers' Training Resource (ETR) and its youth service providers on the use of supportive services in the Local Workforce Development Area (LWDA). This policy applies to all LWDA funded in-school youth (ISY) and out-of-school youth (OSY) programs and participants.

BACKGROUND:

Workforce Innovation and Opportunity Act (WIOA) *20 CFR § 681.570 WIOA Sec. 3(59)* defines supportive services for youth as services that enable an individual to participate in WIOA activities. These services include, but are not limited to, the following: (a) linkages to community services; (b) assistance with transportation; (c) assistance with child care and dependent care; (d) assistance with housing; (e) needs-related payments; (f) assistance with educational testing; (g) reasonable accommodations for youth with disabilities; (h) legal aid services; (i) referrals to health care; (j) assistance with uniforms or other appropriate work attire and work-related tools, including such items as eyeglasses and protective eye gear; (k) assistance with books, fees, school supplies, and other necessary items for students enrolled in postsecondary education classes; and (l) payments and fees for employment and training-related applications, tests, and certifications.

Under the Title I Youth regulations *20 CFR 681.580*, supportive services can be provided to WIOA Title I Youth during program participation and during follow-up.

POLICY:

ETR staff and its youth service providers will use this Youth Supportive Services Policy as a guideline of allowable supportive services.

ETR and its youth service providers must maintain compliance with this Supportive Service Policy by ensuring all supportive service referral forms are completed and support documentation is

sufficient in order to document need for service as well as maintain accurate records of the supportive services provided to each enrolled youth participant.

WIOA Youth Supportive Services may only be provided if:

- The participant is enrolled in WIOA or in follow-up.
- The supportive service is necessary for the participant to participate in WIOA activities and is documented on the participant's Individual Service Strategy (ISS).
- The participant is unable to obtain supportive services through other programs providing such services.
- The supportive service is provided in conjunction with another youth career service or training service. Service dates for the supportive service must be within the dates for the youth career service or training activity.

All required forms and instructions are attached to this Supportive Services Policy.

The maximum amount a participant may receive in supportive services is \$2,000 per Program Year (PY). When a participant has reached the maximum amount, no further supportive services may be given during the remainder of the PY without the approval of an ETR CAO Manager.
